

The State of Job Affairs During COVID-19

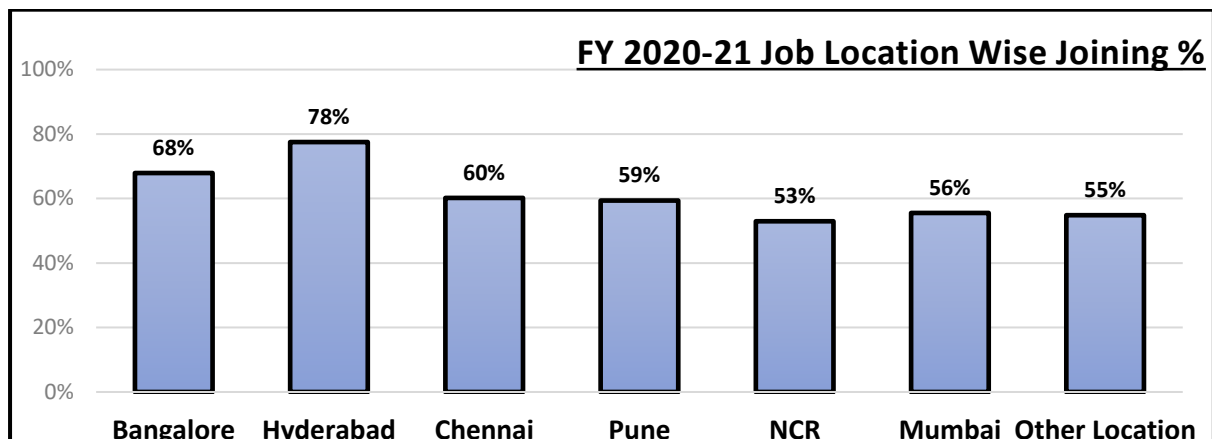

Based on the internal data at Careernet, here are a few inferences about how the job market did during the times of COVID-19.

Data is of the period April 2020 to February 2021.

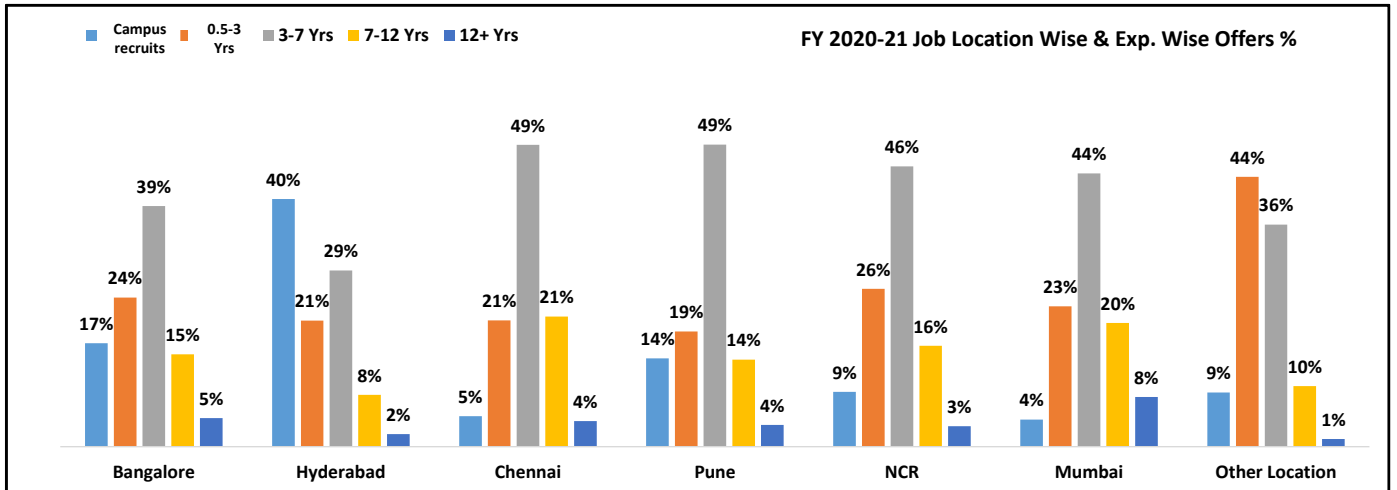

1. Bangalore generated the highest no. of jobs and the West (Mumbai & Pune) the lowest.

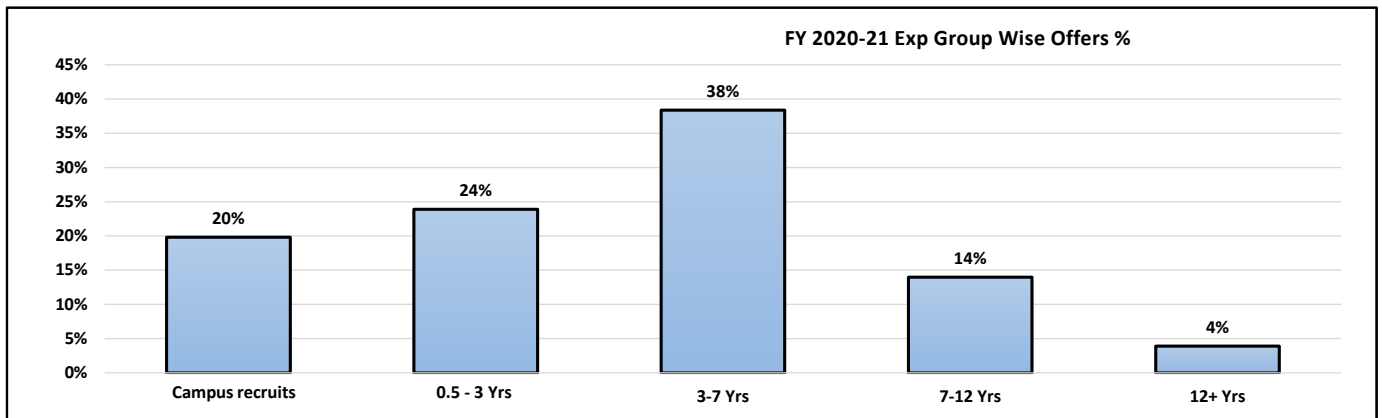

2. Hyderabad emerged as the most preferred city to work for candidates, NCR the least preferred.

3. Hyderabad is the top choice as the preferred city to work among freshers, Mumbai at the bottom.

4. Candidates in 3-7 years of experience bracket were the most sought after, followed by freshers in 0.5-3 years.

5. Both campus recruits as well as highly experienced candidates (12+ yrs) accepted more offers than the other candidates.
